24th International Conference on Food Technology & Processing scheduled on October 07-08, 2020 at Vienna, Austria Food Technology is a science which deals with the methods of processing and preservation of food substances. It helps in manufacturing safe, wholesome and nutritious food products. These studies are to develop a new methods and systems for keeping food products safe and resistant from natural harms like bacteria and other micro-organisms. It helps in the preservation, enhancement of flavour and reduction of toxins in food products which results in better distributional efficiency and easy marketing of the food product. Food Technology 2019 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of Food Technology. Jamie Crummie, Too Good To Go, UK presented a Keynote speech on "Fighting food waste at scale: solutions in technology" and Raffaele Romano, University of Naples Federico II, Italy presented a Keynote speech on "Hemp (Cannabis sativa L.) seed oil obtained by extraction process with supercritical and liquid CO₂". With the grand success of Food Technology 2019, we are glad to announce our next upcoming conference Food Technology 2020 at Vienna, Austria on October 07-08, 2020. The conference will serve as a platform to bring together leading Food Technologists with different specialties. International Conference on Food Technology & Processing will discuss on the topics such as Food and Agricultural Immunology, Meat Science and Processing Technology, Food Industry Background, Food Allergies, Food Engineering and processing, etc. According to food sector (excluding agriculture) is showing resilience to the economic downturn with an increase of 6.3%. There was a rise of food wholesaling -7.4%, food manufacturing - 4.7% and non-residential catering -14.6%. Food retailing changed little at 0.4%. The consumption of meat worldwide has become twice in the last 20 years, and it has been expected to get double again by 2050. Global Food Technology Conferences going to be held during January, 2020 to December, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... and Many More...!!!
